The Hydroponics Company Limited (ASX: THC)

THC has rapidly grown to become Australia's leading medicinal cannabis company. THC operates under a pharmaceutical model and is currently delivering high quality medicinal cannabis products to Australian patients through the existing access schemes. Having secured both a significant growing capacity over two grow sites, and an industry-leading pharmaceuticals biomanufacturing facility, THC is in prime position to service both domestic patients and the export market. THC's global commercial partners operate across four continents, supporting THC's future international growth. THC also operates a revenue generating Canadian hydroponics business, focussing on the manufacturing and distribution of hydroponics equipment, materials, and nutrients.
